There's Wisdom in Economy,

And there are different sorts of economy. The economy which "saves at the spigot and wastes at the bung" is worse than no economy at all.

The truest saving is to buy the best your pocketbook will afford at the lowest price for which it can be sold.

We buy the best of everything.

We sell on such a close margin of profit that our customers feel confident that bottom has been struck. Hence the active, progressive look of things which some people wonder at.

It's very simple this honest shopkeeping when you know how, and the trading public will always pin their faith to an establishment of this kind.

Dress Goods Again.

Never in such a position to serve your every need as now. The big stock fairly sparkles with spring freshness. Whatever your dress goods thought may be, here will you find its materialization. As to the prices—well, they're right, absolutely right, or we couldn't do the business.

Our line of 25c all-wool Dress Goods in small checks are beauties in themselves—nothing to equal them in the city. Also full line of Serge, in all colors, including black, 36-inches wide, at 25c per yard.

Full line of colored Imported Serges 36 inches wide, very closely woven, strictly all wool, at 30c per yard. These same goods are offered elsewhere at 39c.

Three lines of Novelty all-wool Dress Goods, perfect gems, at 50c per yard. Six pieces imported Boucle Checks, 46 inches wide. These goods are cheap at 85c, but our closing price is only 65c per yard.

Our assortment of Black Goods is so large that we could not, in justice to ourselves, begin to enumerate the 150 different pieces to select from. All we ask is an inspection.

Seductive Silks.

Not a woman in the town but what will have a new Silk Waist this Spring, and we would like the contract for supplying them. Your waist is here. Come in and select it from these new lots. Don't let price disturb you. A little money goes a long way in this silk matter.

Full Line of Persian Silks—beautiful designs and colorings. These are the 75c silks—our closing price only 60c.

A few more pieces of Persian Silks, 24 inches wide, at 69c and 75c. Sold elsewhere at 89c and \$1.

Our assortment of \$1 Persian printed Warp Silks are perfection themselves, and the selection is great.

100 different patterns Trimming Silks, ranging in price from 40c to \$1 per yard. Anyone can be suited from this selection.

Wash Goods Reception.

Dainty Dimities, crinkly Crepes, pretty Percales, breezy Lawns, cleanly Gingham and hosts of other weaves.

There'll be a merry thumping of yard pegs when the news gets out.

The commencement season is fast approaching and we are prepared for the occasion. The largest stock to select from.

White Organdies, Swiss, Chiffon and Silk Mull.

The Dainty Dimities are prettier this season than ever before. Our 10c quality is equal to the 12c kind sold elsewhere.

36-inch. Percales, fast colors, at 8c, 10c and 12c.

Printed Tiques at 10c are very pretty and would be cheap at 12c.

Millinery! Millinery!

The season is now upon us and the verdict has been rendered, that we are headquarters for the correct styles in headgear for the young and old. Our orders exceed that of any previous season—and, why? Because we give full value and do not misrepresent our goods.

Localities

He is Not a Candidate.

W. J. High, who was nominated for the office of justice of the peace in the Fifth ward, declines to make the race.

The Worst is Feared.

A letter has been received from Rev. C. D. Bulla stating that he and his family arrived in Kansas City safely, but found his brother very ill and feared the worst.

Nominations Certified.

The Democratic executive committee have canvassed the election returns and declared the candidates who received the greater number of votes in the primary elected.

Thanks Returned.

Mrs. S. Haycock has left for her old home in England. She desires specially through the columns of THE TIMES to thank those ladies and gentlemen who were so kind to her and her late husband during his last illness.

Death of W. L. Jennings.

W. L. Jennings, brother of C. T. Jennings, of the Richmond Music Company, died at his home in Lynchburg yesterday morning with consumption. The funeral will take place to-day. Mr. and Mrs. C. T. Jennings went to Lynchburg Sunday.

Y. M. C. A. Notes.

The new striking bag drum was placed in position in the gymnasium yesterday evening. It is a beauty. Call in and inspect it. An interesting session of the current topic class was held last night. This was the last meeting until after the hot weather.

Convocation to Meet.

The convocation of Southwest Virginia, comprising some twenty or more ministers of the Episcopal Church from Roanoke, Lynchburg, Staunton, Lexington, Clifton Forge, Wytheville, Abingdon, Radford and other points, will meet in Salem on Tuesday, April 23, at St. Paul's Church, and will continue in session the remainder of the week.

East Roanoke Festival.

The ladies of the East Roanoke Baptist Church held a festival at their church last night which was largely attended. Ice cream and cake were served in abundance. The festival will continue to-night and to-morrow night. These ladies deserve the patronage of the public.

New Military Equipments.

Supplies have been shipped from the United States Quartermaster's and Ordnance departments for both the Roanoke Light Infantry and the Roanoke Machine Works Guards consisting of overcoats, leggings, canteens, haversacks, ball cartridges, belts and cartridge boxes.

An Excursion to Norfolk.

The Ladies' Auxiliary to the Brotherhood of Locomotive Engineers will run their annual excursion to Norfolk on June 23 next. The committee of arrangements met yesterday and so decided. The excursion committee will meet next Thursday in the Elks' hall at 4 p. m.

Mr. Edwards to be Married.

Jno. C. Edwards, freight clerk of the Adams Express Company, will be married this morning at 10 o'clock to Miss Daisy Raines at the residence of the bride's father, about two miles south of the city, in the county. Mr. Edwards and bride will then be driven to the city and they will take the noon train for Washington and other points North.

Lawn Festival.

The lawn festival given for the benefit of the Belmont baseball club in Southeast Roanoke last night was a success. The lawn was lighted up with numerous Chinese lanterns. The ladies in charge of the festival were Misses Annie Hartigan and Nora Nelson. The festival will be continued to-night.

Champion Still Walker.

Fred. A. Bennett, the champion and high endurance still walker of the world, arrived in the city yesterday and is stopping at the St. James. In the afternoon he gave an exhibition on the streets. He stands just sixteen feet high and dresses in "Chippie" style. His suit is covered with the advertising matter of the famous R.J.R. tobacco. This is one of the greatest advertising schemes ever exhibited in Roanoke.

Detectives Baldwin and Haller Injured.

On Saturday as Detectives W. C. Baldwin and C. D. Haller together with two other men were driving at a rapid rate down Draper's Valley mountain from Pulaski they were accidentally thrown from their vehicle and both considerably bruised and injured. The accident occurred as the horses were turning a short curve. One hind wheel was completely smashed. Mr. Haller was thrown under the wheels and con-

siderably bruised about the side and it is feared was slightly injured internally. Mr. Baldwin was so badly used up by the accident that he is now under a physicians' treatment at Hotel Roanoke. It is a great wonder that they were not more seriously injured.

Should be Looked Into.

Considerable complaint is being made about the indiscriminate firing of pistols by unknown parties in the neighborhood of Ninth avenue and Grove street s. w. Almost every night some person fires a revolver several times in rapid succession, much to the alarm of many timid women residing in that section. The policeman, if there is one ever in that benighted section of Roanoke, should see to it that this nuisance is checked.

Quick Work.

One of the candidates before the primary mailed at the city postoffice at 9 o'clock last night an application to the registrar at Vinton for the change of a vote from that precinct to Lynchburg. The transfer arrived here at 2 o'clock to-day. That shows a good mail service and a registrar who attends to his business. Mr. E. M. Jones is the registrar at Vinton.—Lynchburg Advance.

Fines Amount to \$55.

In the police court yesterday the following fines were imposed: Salina Gorra, disorderly, \$5; Jim Western, drunk, \$2.10; Russell Stewart, disorderly, \$5; Sue Rose, disorderly, \$10; Mary Taylor, disorderly, \$10; Mattie Taylor, disorderly, \$10; Ed Pace, disorderly, \$5; John Trout, drunk, \$2.50. The total fines amounted to \$55, of which amount \$10 was paid in.

May Come This Way.

The colored convict who escaped from a guard at the Jefferson Davis mansion yesterday is still at liberty. His name is Curry Scott and he came from Montgomery county to serve nine years for burglary, beginning his sentence in 1894. He is 27 years old, 5 feet 7 1/2 inches high and weighs 150 pounds. Superintendent Lynn has offered \$50 reward for his capture.—Richmond State.

Charged With Illegal Voting.

Charles J. Ormsby was arraigned on a charge of illegal voting. The warrant alleges that he was convicted of petit larceny by a petit jury in the corporation court of Lynchburg; that he was thereby disqualified from voting at the election at Norfolk in November, 1895, and that notwithstanding such disqualification he did vote at said election. Case continued to April 22, with J. E. Prince bondsman.—Norfolk Pilot.

Firemen's Fair.

The Firemen's fair was well attended last night; more so than usual. The attendance at the refreshment tables was also large. The dancing is largely engaged in. Everybody is working hard to make it a grand success. The various contests are progressing nicely. "Bert," the fine horse, probably made his last trip to the fire yesterday. All ladies who have promised cakes will send them in to the ladies' committee at once.

K. of P. New Sign.

The new sign which has been placed in front of the entrance to the K. of P. hall is a beauty. It is lighted by electricity and the ruby glass makes it resemble a gem shining in the dark. On one side is the inscription, "Oceola Lodge K. of P. meets every Thursday night" on the other side, "Roanoke Division No. 11 U. E. K. P. meets every Wednesday night." This sign needs to be seen at night to be appreciated.

The Cattle Quarantine.

Dr. E. P. Niles, State veterinarian, was in the city yesterday in the interest of the cattle quarantine. From here he goes to Washington for the purpose of securing further cooperation on the part of the United States Department of Agriculture. It is now the intention of that department to conduct a series of experiments with a view of ascertaining means by which Texas cattle fever can be stamped out. The United States Government intends to conduct these experiments in Georgia, but as Virginia offers better advantages for such work Dr. Niles hopes to secure these experiments for this State.

Fell From a Tree.

Howard Adams, a lad about 13 years old, son of Baggage Master Adams, of the Norfolk and Western, met with a serious accident yesterday about noon. He had climbed a tree near the Friendship Fire Company's engine house on Third Street s. e. and losing his balance fell to the ground, a distance of about twenty feet. He struck on his head, seriously lacerating the scalp and rendering him partly unconscious. Drs. Gale and Cannaday were summoned and rendered the necessary surgical assistance. At last accounts the boy was resting quietly, but as yet it is hard to say how his injuries will terminate.

To Lecture at Vinton.

Rev. Dr. J. B. Taylor will lecture at Vinton Friday night, April 24, for the benefit of the Vinton Baptist Church. Dr. Taylor is well-known here, and many Roanokers will doubtless go to

hear him. Hon. John Randolph Tucker says: "It was impossible not to be carried along with unabated interest from the beginning to the close of the lecture. Dr. Taylor has the art of weaving into his vivid sketches the grave and the gay, the lively and severe, the pathos and humor, common sense and a keen insight into human nature, eloquence and argument, religion and morality. No one can fail to be amused and instructed, and therefore greatly entertained by this excellent and admirable lecture."

Here is That Formula.

For the benefit of the large number of ladies who attended Dr. Flower's lecture on Sunday night at the Academy of Music and who do not remember the formula given by him for beautifying the skin, THE TIMES takes pleasure in publishing the same at the request of a number of the ladies. The formula is as follows: Eight ounces each of water and alcohol; fifty drops of bi-phosphate of calcium, thirty drops of the tincture of lobelia, fifteen drops of the tincture of belladonna and fifteen drops of sulphuric ether. All who heard the lecture will remember the directions given for using.

APPROVED BY THE MAYOR.

The New Tax Bill Goes Back to the Council and is Now a Law.

Mayor Jones on yesterday approved the new tax bill passed by Council on the 18th. In the schedule of licenses the following changes were made over last year: Persons conducting lunch counters are taxed \$10; electric light companies, \$200 per year instead of \$100; persons giving unclassified exhibitions, \$10 instead of \$20 per year; theater managers, \$20 per year and \$2 for each performance instead of a specific tax of \$30.

The plan of taxing the stockholders of banks requires the bank to give in the names of the stockholders, the number of shares held by them, their residence, and the market value of their stock, which is assessed at the same rate as their other personal property.

The most important change is the time fixed for the collection of taxes on real estate and personal property. Heretofore the city taxes fell due on December 1st. For this year the city taxes will be due July 1, but a provision is added that the penalty for the non-payment of 1895 taxes shall not attach until December 1.

The manner of taxing dogs provides that the commissioner of revenue shall list all dogs when listing personal property. Stringent penalties are provided for all persons keeping dogs without paying the license tax imposed.

The commissioner of revenue receives, under the new law, but fifty cents for issuing city licenses, whereas under the old law he received seventy-five. His commission is also reduced from 3 1/2 and 1 to one-half of one per cent. on licenses.

A Lot of Impostors.

It is understood that certain individuals, whose names are known, are representing themselves as having been deputized to assist in the cattle quarantine work. No one outside of the board of control and their veterinarian have the authority to permit the transportation of cattle from the quarantine region, except as provided for by law. The public is, therefore, warned against such impostors. E. P. NILES, State Veterinarian.

The Discovery Saved His Life.

MR. G. CAILLOUETTE, druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with LaGrippe and tried all the physicians for miles about, but of no avail, and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Paul Massie's Pharmacy.
